

Unit 9 ACTIVITY 4 Name/Class _____

Diminished Intervals

1 When the distance between the two notes of a minor or perfect interval is *decreased* (made smaller) by one _____, a _____ interval is formed.

1-2

2 Identify each interval and indicate if it is perfect (P) or minor (m). Then rewrite the upper note in the measure that follows to create a diminished (d) interval, and write the interval name below it.

m7 d7 _____

2-24

3 Identify each interval and indicate if it is diminished (d), perfect (P) or minor (m).

d8 _____

1-26

4 Identify each interval and indicate if it is diminished (d) or augmented (A).

d7 _____

1-26

5 Write the upper note of each diminished interval.

d6 d8 d3 d5 d4

2-22

d2 d4 d7 d2 d5 d8
